

### Passphrase

Password:

Password:

Password:

Password:

How long it takes  
to crack?

First two and last  
two words and  
crack time.

All four words (**passphrase**) and crack time.

## **Closing Reflection**

1. How often do you change your **passwords**?
2. Why should you use a **passphrase** instead of a **password**?
3. Make a list of your **password**-protected accounts. Consider changing your **passwords** to a **passphrase** and updating them regularly.
